Education

University of Central Punjab, Lahore
Bachelor of Science in Software Engineering

Mar 2022 – Feb 2026
CGPA: 3.86/4.00

Experience

10Pearls – Shine Internship (2024)
Java Developer Intern (Full Stack)

June 2024

- Worked on Spring Boot, HTML, CSS, and JavaScript for backend and frontend integration.
- Collaborated on full-stack development tasks and responsive UI design.
- Enhanced REST API performance and integrated MySQL database operations.

Projects

Smart Contact Management System – Full Stack Web Application Java, Spring Boot, HTML, CSS, JavaScript

- Developed a full-stack Smart Contact Manager application using Java, Spring Boot, Spring MVC, and Spring Security with role-based authentication and secure login system.
- Designed responsive UI using HTML5, CSS3, Bootstrap, and Thymeleaf, ensuring smooth user experience across devices.
- Integrated MySQL database with Spring Data JPA (Hibernate) to efficiently manage contact storage with full CRUD functionality.

Mini Projects – Software Development

- Built an AI coding assistant (CodeSage) that helps generate and explain code.
- Created a weather notifier tool that fetches live weather updates using APIs and sends daily email alerts automatically.
- Developed a daily reminder system to set notifications for daily basis different tasks.

MoodMelody – AI-Powered Music Recommendation App Python, Flask, React.js, Spotify API, OpenAI API

- Built a Flask-based web app that analyzes uploaded videos to detect emotions and objects.
- Integrated Spotify API for emotion-based song recommendations.
- Used OpenAI API to generate cinematic stories from detected emotions and objects.
- Connected Flask backend with a React.js frontend for real-time updates.

Technical Skills

Languages: Python, Java, C++

Frameworks: Django, Spring Boot

Web Technologies: HTML5, CSS3, JavaScript, React.js

Developer Tools: Git, GitHub, VS Code, IntelliJ IDEA

Core Competencies: API Development, Data Structures, Problem Solving, OOP, Debugging, Team Collaboration

Certificates

Coursera – Responsive Website Basics: Code with HTML, CSS, and JavaScript

IBM – Introduction to DevOps and Software Engineering (Coursera)

The Hong Kong University of Science and Technology – English for Effective Business Writing

University of Colorado Boulder – Communicating Business Analytics Results
